## SUMMARY

Enthusiastic Front-end Developer with a robust background in network engineering, spanning over seven years. Adept at leveraging skills in problem-solving, project management, and effective communication. Eagerly embracing opportunities for continuous professional development, especially in emerging tech domains. Demonstrates hands-on proficiency in a diverse array of programming languages, including JavaScript, HTML, and CSS, as well as frameworks and libraries such as React.js and Next.js.

## SKILLS

**Programming languages:** JavaScript, Python, HTML, CSS, SASS, TypeScript, C++, PHP  
**Libraries & Frameworks:** React JS, Next JS, Django, Tailwind, Chakra-UI, Express JS, MongoDB, Mongoose  
**Tools & Platforms:** Git, GitHub, WordPress, Figma, Adobe Illustrator  
**Spoken Languages:** Fully bilingual in English & French  
**Soft Skills:** Communication, Problem-Solving, Adaptability, Collaboration

## SELECTED PROJECTS

### Bloom & Glow:

In-Progress | <https://rociennkunga.github.io/bloom-and-glow/>

- Spearheading the development of an e-commerce platform for a soap retailer using React and Tailwind CSS, focused on a seamless user experience.
- Focusing on scalability and a high-quality codebase to align with the client's long-term objectives.

### Image Search & object detector:

URL: <https://rociennkunga.github.io/image-object-detector/>

- Developed an application with Pixels API to manage image retrieval and implemented features for image saving and deletion in browser cache. Integrated MediaPipe library for advanced object detection.

### Webcam Element Detector:

URL: <https://rociennkunga.github.io/tensor-element-detector/>

- Engineered a web application using TensorFlow API to perform real-time facial and object detection, showcasing machine learning and API usage.

## Professional Experience

<b>Distributel</b>	<b>Network Support Engineer</b>	<b>Fall 2021 - Currently</b>
<ul style="list-style-type: none"><li>• Maintained user connectivity, paralleling the front-end focus on seamless user interface functionality.</li><li>• Managed communication platforms, reflecting a user-centric approach important in front-end development.</li></ul>		
<b>Frogfoot Networks</b>	<b>Network Engineer</b>	<b>Dec 2017 – Apr 2021</b>
<ul style="list-style-type: none"><li>• Deployed network infrastructure, akin to integrating complex systems within software development.</li><li>• Resolved outages, demonstrating an analytical and solution-oriented mindset.</li></ul>		
<b>Telasera</b>	<b>IT System and Web Hosting Engineer</b>	<b>Feb 2016 – Dec 2017</b>
<ul style="list-style-type: none"><li>• Administered Virtual Private Servers, aligning with technical management of web applications.</li><li>• Managed server deployments, showcasing an understanding of web technologies relevant to front-end development.</li></ul>		

## EDUCATION

<b>Ontario Diploma</b>	<b>Algonquin College Ottawa</b>	<b>In Progress</b>
<ul style="list-style-type: none"><li>• Mobile Application Design &amp; Development</li></ul>		
<b>Professional Certificate</b>	<b>Coursera</b>	<b>Summer 2023</b>
<ul style="list-style-type: none"><li>• Meta Frontend Web Development</li></ul>		
<b>Bachelor of Technology</b>	<b>Cape Peninsula University of Technology</b>	<b>Winter 2016</b>
<ul style="list-style-type: none"><li>• Networking &amp; CCNA/CCNP</li></ul>
