SUMMARY

Passionate Front-end Software Engineer transitioning from a seven-year career as a Network Engineer. Proven ability in problem-solving, project management, and communication. Committed to continuous learning and staying updated with emerging technologies. Proficient in various programming languages, frameworks, and libraries.

SKILLS

Programming languages: JavaScript, Python, HTML, CSS, SASS, TypeScript, C++, PHP
Libraries & Frameworks: React JS, Next JS, Django, Tailwind, Chakra-UI, Express JS, MongoDB, Mongoose
Tools & Platforms: Git, GitHub, WordPress, Figma, Adobe Illustrator
Spoken Languages: Fully bilingual in English & French
Soft Skills: Communication, Problem-Solving, Adaptability, Collaboration

SELECTED PROJECTS

Image Search & object detector 🔗
- Developed an application using the Pixels API to retrieve images. Implemented features for saving and deleting images within the browser cache. Incorporated a sophisticated object detection system for images using the MediaPipe library.

Different Planet weight calculator 🔗
- Developed a web application enabling users to calculate their weight on various planets. Showcased proficiency in mathematical methods using JavaScript.

Webcam Element Detector 🔗
- Constructed a web application using the TensorFlow API for open-source machine learning. The application excels in real-time detection of human faces and various elements, providing instant identification.

Professional Experience

Distributel	Network Support Engineer	Fall 2021 - Currently

Toronto
- Ensured seamless connectivity for end users across Canada by resolving diverse network challenges.
- Managed customer email hosting to enhance communication efficiency.

Frogfoot Networks	Network Engineer	Dec 2017 – Apr 2021

- Successfully deployed Cisco switches and routers to enhance the long-distance network infrastructure.
- Troubleshot and resolved network outages between regions.

Telasera	IT System and Web Hosting Engineer	Feb 2016 – Dec 2017

- Installed and maintained Virtual Private Servers for enterprises of varying sizes.
- Managed email services, website hosting, and deployed Linux and Windows servers.

EDUCATION

Ontario Diploma	Algonquin College Ottawa	In Progress

- Mobile Application Design & Development

Professional Certificate	Coursera	Summer 2023

- Meta Frontend Web Development

Bachelor of Technology	Cape Peninsula University of Technology	Winter 2016

- Networking & CCNA/CCNP
